Career Counseling

Career planning is a lifelong process that should be evaluated often. The beginning of a new school year brings opportunity to develop more paths on the road to success. It is important to stay focused throughout the school year while maintaining the ultimate goal in sight. Good luck and have a great 2009-10 school year.

Top Things "Not To Twitter"

- ◆ hate my job!! I want to tell my boss how dumb they are and how meaningless this job is, then quit, and be happy!
- ◆ so my job was to test all the food at the new restaurant , can I just say, ughw. I'm going to taco bell then twistee treat.
- ◆ workin.....this job sucks worse then the economy!
- ◆ i'm going to work! Walmart! Must find better job! I hate it when chicks there have a deeper voice than me and refer to me as a foo!"
- ◆ also I'm really bummed that I'm working today, I asked off so I could study but my boss is a ***** who can't read this.
- ◆ Coworker smuggled out a chair for me..currently being paid to sit around and listen to John Barrowman on my iPod. I don't hate my job today!
- ◆ Smoking weed at work is so great:)
- ◆ It's bad when you overhear the programmer say "I used to work at McDonalds with him and you wonder if he is talking about the CEO

Test Your Knowledge!!

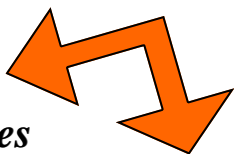

Career Counseling services enters it's sixth year in the Giles County Public School system. The purpose of career counseling is to guide students in the career

development process while the student prepares to enter the workforce and/or further education. Career Counseling can not answer the question, "What do you want to be when you grow up?" but can inform students and parents of all the options available in achieving their goals. If you are interested in learning more about the program and services please contact:
